### About BLUE GUIDE GREECE

Fully updated edition of this Blue Guides classic, mainly written by Sherry Marker, a lecturer at Smith College, Massachusetts, with James Pettifer, an academic and expert on the Balkans. The guide amply covers mainland Greece, the cradle of western civilization. Updated information on developments in archaeology and scholarship make this the essential guide for visitors to Greece who are genuinely interested in its past as a way of enjoying the present. Now a separate title, Blue Guide Greece the Islands will be published in 2007.
